---

TECHNICAL SKILLS

Front-end and Mobile:	TypeScript · React · Next.js · JavaScript · React Native · HTML · CSS
Back-end and Integrations:	Node.js · Java · Spring Boot · Python · REST APIs · OpenAI APIs
Databases and Cloud:	PostgreSQL · SQL · Amazon S3 · Amazon CloudFront · AWS IAM
Engineering and Tools:	Git · GitHub · Docker · AWS CLI · Web application architecture · Automated testing · Debugging · Deployment automation · Technical documentation
Languages:	Portuguese — native · English — intermediate

PROFESSIONAL EXPERIENCE

Anderson Rios Consultoria · Remote

Full Stack Developer

May 2025 — Dec 2025

- Web development with React, Next.js, TypeScript, JavaScript, Node.js, and Python; implementation and consumption of REST APIs.
- Participation in room measurement and AI-powered virtual furniture projection features and OpenAI API integration.
- Mobile development with React Native for Android and iOS: screens, components, and features.
- Participation in architecture definition; Git, Docker, troubleshooting, bug fixes, and documentation.

City of Esperança

Computer Skills Instructor

Mar 2023 — Aug 2025

- Planned and delivered computer skills training focused on digital competencies and participant autonomy.
- Trained and supported more than 100 students in computing tools and digital productivity, helping them complete their training and earn certification.

City of Esperança

Administrative Professional

Jan 2021 — Mar 2023

- Work involving documentation, spreadsheets, records, and administrative process support.

INDEPENDENT SOFTWARE DEVELOPMENT

Software development for organizations and independently initiated products. Work for organizations:

Vmais Comunicação

Integration of a React frontend and Java/Spring Boot REST API, with authentication, scheduling, administrative features, PostgreSQL persistence, and Docker.

React · Vite · JavaScript · Java 21 · Spring Boot · PostgreSQL · Docker

Memorial Monte Sinai

Responsive frontend with components and animations, WhatsApp and Google Maps integration, static export, and S3/CloudFront hosting. Deployment automation with AWS CLI.

Next.js 16 · React 19 · TypeScript · Tailwind CSS · Amazon S3 · Amazon CloudFront · AWS CLI

SELECTED PROJECTS

Lava Auto — Scheduling System

Scheduling with a catalog, availability, booking confirmation, and code-based tracking. Business rules, APIs, input validation, administrative features, and PostgreSQL persistence.

Next.js 16 · React 19 · TypeScript · PostgreSQL (pg)

InfoD.beta

Interactive typing and mouse coordination activities, using React components and state and event management to develop digital skills.

React 18 · JavaScript · Vite · HTML · CSS

Mr Roobot AI Office

Configuration of specialized software development agents with Hermes Agent and exploration of integration with DeskRPG. Both are third-party tools.

Hermes Agent · DeskRPG

EDUCATION

PRONATEC / CAVN-CCHSA-UFPB
Systems Programmer
2018

Digital Innovation One
Web Development / Front-end
2024

COURSES AND CERTIFICATES

COURSES

Code Versioning with Git and GitHub
DIO - 2023 - Certificate

Software Structure and Development Environment
DIO - 2024 - Certificate

Understanding Client x Server Communication
DIO - 2024 - Certificate
